

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

At SKASC we are committed to do things differently, and adapts the skills based on the World Economic Forum Report on the Industry Ready Graduates. Thereby it focuses on the holistic development of its stakeholders. The Institution is in line with the “Fitness to purpose” and emphasize on the quality parameters in both academic and non academic activities.

Academic Domain

- TMC

In order to develop the critical thinking skills and numerical skills, the Institution adapts Talent Management Course. The course prepares the students to enhance their skills and approach the competitive examination with confidence. The course is a category under the Ability Enhancement core courses.

- Academic Skills

The Academic skills module will give an authentic experience of academic work at Higher Education. The Module is an insight into the new learning skills in order to succeed in Higher Education. There will be variety of assessment which will be encompassed as single portfolio. The uniqueness of this module is to build proactive independent learners focusing on doing smart work rather than hard work. It helps them to be self-paced active learners. The module focuses on the Academic writing, ICT skills, Self reflection, Team work and Time Management skills

- Comprehensive Project

The module is designed to challenge the students to think critically, solve complex problems and demonstrate employable graduates. These projects are often a highlight of a student’s academic career and can provide valuable experience and skills. Comprehensive projects are generation developed to demonstrate the students' mastery of the subject area by applying knowledge and skills to a real world situation

- Coursera

SKASC has tied with Coursera campus enterprise plan for its stakeholders. The Coursera certification will enhance the skills of students beyond the classroom. These certificates are official recognition from a globally renowned institution and Corporate. They offer the guided learning projects and professional certification from the top fortune companies of the world. The LMS is enabled even for the

Alumni and Faculty for upskilling and reskilling. Coursera has addressed the Industry and Academia gap especially during placements.

Non Academic Domain

- **Krish Awards**
SKASC initiated KRISH Awards commemorating the 25 years of its journey in serving the nation's educational upfront. KRISH awards were provided to the unsung heroes, whose contribution for the development of society and community at large is immeasurable. As a responsible corporate social responsibility, the institution plans to initiate the awards every year, celebrating the unsung heroes and appreciate their selflessness.
- **Placement beyond borders**
One of the most important distinctiveness is the placement beyond borders. The CSHM students have received placement opportunities in abroad. They also served for the FIFA world cup in Middle East, for their unending services and their contribution were beyond excellence.
- **3i**
The 3i Entrepreneurial activity initiates the Bissez which helps the young and budding entrepreneurs towards the focus on Make in India Initiative. The 3i club is unique and organizes activities to initiate the young entrepreneurs. The main objective of the club is to increase the job providers than job seekers.
