E- LEARNING

The pace of change in the institution has been brisk in teaching and learning system since 2012. The institution has moved from lean-based learning system to activity based learning system. The institution considers that the competition and collaboration in education are not opposite; instead both should go horizontally. Hence the institution has introduced Real Time Experience Learning System (RTELS) in collaboration with MyKlassroom.com(web-based learning).

An exciting curriculum was designed based on “evidence-based” approach (EBA), using proven ICT enabled educational methods – as supplemented to traditional chalk and duster system (CDS). The teaching pedagogy moved from static standards to smart teaching through edutainment programmes., customized standards as levied in “Peer to Peer” tutoring system (P2P). The new curriculum design integrates the industrial verticals with the academic learning system. The education technology of the institution offer far more stimulation and exciting education platform in higher education. The micro level teaching in the institution narrows down the gap between slow learners and fast learners.Spoken tutorial classes are conducted to all the programmes offered by MHRD project, IIT Bombay.

As a result, the faculty members are prepared to teach from the stake holders’ knowledge base. The RTELS, EBA and P2P systems introduced by the institution fosters the creativity of the learners, increase the understandability of concepts and tweaks the skill of the students.

All the students are expected to take their seats in their respective classes soon after the first bell. In the morning session class works will begin after a one minute silent prayer.

Late comers will not be permitted to enter the class. They should, without attempting to seek admission, go to the Library and engage themselves till that session is over and shall attend classes from the next session.

A student shall not absent himself/herself from the class without proper leave applications duly signed by parents/guardians/wardens.

Attendance will be taken during every period of work. Students coming late are liable to incur loss of attendance.

Any student found outside the class room during class hours will be marked absent.

Students shall not disturb classes by moving about in veranda as this will cause disturbance to the classes that are going on.

Leave of absence from composition classes and class tests will be granted only when they are sanctioned by the Head of the Department concerned.

Every student shall earn the minimum of seventy five percent of attendance to qualify to appear for End Semester Examinations.

If a student is absent for one or more hours in one particular session (forenoon or afternoon) he/she will be marked absent for half a day.

Permission to leave the college premises during working hours can be granted only by the Principal or concerned HOD, usually on production of a letter of request from the student.

Maximum of 10 percent i.e., nine days in any semester for valid reasons like Ill-health, etc., on paying the prescribed condonation fee.

Governing body of the College shall be the appellate authority whenever there is any dispute on condonation of attendance.

Statement of attendance shall be displayed in the College notice board every month and arrangement will be made to communicate the same to the parents.

If shortage of attendance exceeds the limit prescribed for condonation of Attendance, he/she will not be presented to the End Semester Examinations.

Such students who could not write the University Examinations will however be permitted to continue their studies in the subsequent semester.

Deficiency of attendance in one semester shall be compensated in the subsequent semester, such that the combined attendance for any two consecutive semesters will be taken into account for determining the eligibility of a student to be presented for the University Examinations.

A student will be given only one opportunity to carry forward the deficiency in attendance to the next semester during the period of study of any degree course, failing which he/she will have to be readmitted.

If the attendance earned by a student is less than 55%, he/she will have to discontinue the course and repeat the same semester course again.

Students are eligible for exemption from attendance whenever they represent the college in any event/competition/tournament or NCC/NSS Camp whenever they attend.
