Computer Science | Hands on Training

On January 6, 2024, the Department of Computer Science conducted a hands-on training session on C++ coding for the students of I B Sc. SS. Topics covered included building console applications, input/output stream handling, and library usage. The event, aimed at solving coding challenges and algorithm exercises, was led by Dr. B. Mahalakshmi, Associate Professor from RVS College of Arts and Science.

Computer Science | BOOTCAMP

The Department of Computer Science organized the C++ Bootcamp for the I B. Sc. CS 'B' students. It was held on January 5 and 6, 2024, in J-102. It was skilfully combined academic elements with interactive and enjoyable learning. With a blend of a competitive quiz, a unique miming challenge, and a hands-on debugging workshop, participants engaged in collaborative coding using their laptops.

This methodology not only enhanced their C++ proficiency but also contributed development of effective communication skills in a dynamic and participative setting. event achieved a harmonious integration of education enjoyment, providing participants with a memorable and enriched learning experience.

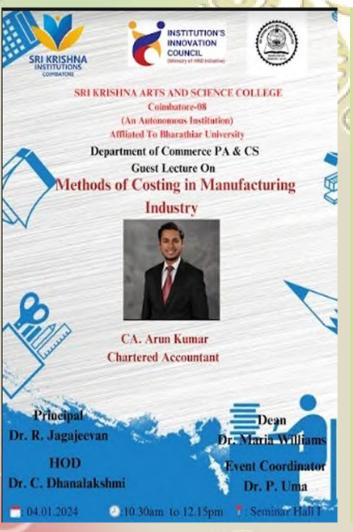

Computer Science | Seminar

On January 8, 2024, First-year B. Sc. CS 'B' students, attended a seminar on the Significance of Soft Skills in Professional Life. Led by renowned Trainer **Ms. Mohanapriya Thangavel**, the dynamic session covered effective communication, leadership, and work-life balance. Through interactive elements and real-world examples, the seminar provided practical insights.

Commerce PA & CS – Guest Lecture

The Department of Commerce PA & CS hosted a notable guest lecture on January 4, 2024, focusing on "Methods of Costing in Manufacturing Industry." by The lecture. led esteemed Accountant Chartered CA. **Kumar** from A V R and Associates. Dr. P. Uma, Assistant Professor of Commerce, coordinated the event. The lecture, aimed at II B. Com. PA & CS students, delved into various aspects of costing, including auditing trends, the significance and role of costing, benchmarking, and innovative strategies in the manufacturing sector.

CT & DS | Edutainment

On January 6, 2024, the Department of Computer Technology and organised Science an Edutainment session focused on RDBMS concepts. Active participation was observed from II CT A students, who showcased their creativity through innovative chart works and presentations elucidating various aspects of RDBMS concepts. The event successfully provided a platform for students to not only engage with the subject matter but also to express their understanding through visually appealing and insightful presentations, contributing to a vibrant learning environment.

CS - Workshop

In a dynamic session on 6th January 2024, students of II BSc CS 'B' and II BSc SS delved into the world of Android development at the mobile technology workshop in E-301. The event, merging education with interactive experiences, offered an indepth exploration of Android's evolving features and the latest OS updates, equipping budding developers with cutting-edge insights to fully utilize the platform's capabilities.

CS - Seminar

Dr.K.S. Jeen Marseline

The competition vielded substantial feedback for the showcasing students' topic, engagement and enthusiasm. event also served to invigorate discussions around the contemporary significance of the Hindi Language in a global context.

Bioscience | Film Screening

On January 6, 2024, the Department **Bioscience** showcased "Science of Meets Mystery," a film depicting William Kamkwamba's journey. Kamkwamba, a young Malawian, overcame adversity by building a windmill from scrap materials during a severe drought in 2001. This resourceful innovation saved his family's cornfields. The event aimed to inspire bioscience students with the extraordinary impact of creativity solving real-world problems.

Bioscience | Industrial Visit

MOLECULAR BIOPHYSICS

On January 5, 2024, a group of 63 B.Sc. Biotechnology students from the Department of Bioscience, along with Dr. S. Narendhran and Ms. K. Vishnu Priya, visited the Molecular Biophysics Unit at the Indian Institute of Science, Bengaluru. They interacted with Sidhartha, discussing spectral studies' practical Bioscience. Dr uses in Sidhartha also lectured on NMR and Xray crystallography's importance, offering the students hands-on learning and expert insights.

CS - Soft Skills Training

On January 6, the Department of Computer Science conducted a Language and Soft Skills Training. Rtr. Priya Sri, the chief guest, shared valuable insights into communication skills, offering a platform for learning, understanding, and developing these essential skills. The interactive session included enjoyable activities, teaching students effective communication, teamwork, time management, and creative skills. The event was both inspiring and fun-filled, leaving students with a newfound understanding of communication.

English – Expo on Design Thinking

Department **English** The of in organised association with IIC the exhibition on Literary Exhibition on Design thinking on 05/01/2024 & and 06/01/2024. The event was held at Seminar Hall III and provided platform for it а literary enthusiasts and thinkers to converge, celebrate, and delve into the intricate world of literature. The highlight of the exhibition was the thematic dedicated to specific genres and literary games. The visitors had the chance to explore the nuances of literary thinking across various periods.

English | News Reporting Event

The Department of English on 6th January 2024, organised a News Reporting Event for their second-year undergraduate students. The students showcased their journalistic creativity by transforming headlines into sensational news stories. The event, part of the department's Saturday activities, emphasized the importance of creativity in news reporting. Students worked in groups to collaboratively craft their stories, with a nominated member presenting the news, highlighting the value of teamwork. The successful event, organized efficiently by Dr. A.K. Nalina and Ms. D. Brindha, provided a beneficial experience for aspiring English students.

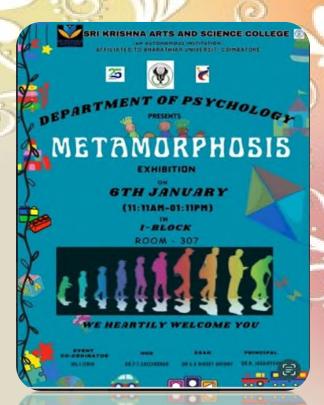

CS | Seminar

On January 6, 2024, I B. Sc. CS 'A' students were enlightened on application development through a seminar led by K. Vignesh, Associate Analyst at Deloitte, Chennai. Starting at 10 am, the session focused on the functionalities and distinctions between Python and C++. Vignesh also introduced seven key frameworks for Python app development and showcased examples of remarkable Python applications. This seminar offered the students an in-depth understanding and practical insights into modern app development."

Psychology - Exhibition

On January 6, 2024, the Department of Psychology's freshmen hosted the "Metamorphosis" exhibition, showcasing the various developmental stages of life. dynamic, featuring The event was interactive presentations on developmental psychology and engaging games that heightened learning the overall experience. Attendees expressed their appreciation through heartfelt feedback, reflecting the exhibition's positive impact.

IT & Cog. Sys. | Parse Craft Challenge

The Department of Information Technology and Cognitive Systems successfully hosted the "Parse Craft Challenge: Code Symphony" on January 6, 2024, for first-year M. Sc. IT students. This ground-breaking event was designed to deepen students' understanding of coding and programming within the ever-evolving IT sector. It offered a stage for students to demonstrate their coding and problem-solving abilities. Participants engaged in various demanding tasks and coding exercises, gaining valuable practical experience and boosting their analytical thinking. The event marked a significant step in nurturing the next generation of IT experts.

CS - Seminar

The Computer Science Department orchestrated a seminar "Emotional Intelligence on in Entrepreneurial Leadership" for finalyear BSc CS A students. Vimal Vaibhav and Elangovan shared their entrepreneurial experiences, detailing inception of their company, the Vannam Design Hub. The session covered topics like digital marketing, ad campaigns, design thinking, networking, and emotional intelligence. Students actively in learning emotional engaged intelligence through a mock test, assessing self-awareness, other awareness, and emotions.

SS - Event DEXIA'23

Department of Software The Systems hosted DEXIA'23 December 21-22, 2023, witnessing enthusiastic student participation from various courses. The event challenging included technical contests like Crypters, Blind Coding, Innovator, Picto Trail, Web Scrapers, Brainstormers. and aimed at enhancing skills networking, debugging, creativity, Power BI, & teamwork.

Additionally, on January 6, 2024, department organized nontechnical events such as Sequence Cups, Feet's of Wonder, Talentine, Beats Bash, Scribblers, and Market Innovation. focusing on communication. creative writing. physical activities, and innovation. These events provided a dynamic platform for students to demonstrate and refine their talents.

Mathematics | Dumb charades

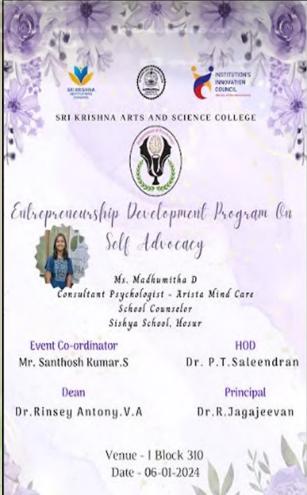

The Bouvardia Club of the Department of Mathematics conducted the Dumb Charades Event on January 4, 2024. It witnessed the active participation of 66 mathematics students. Beyond its entertaining facade, this event serves as a platform for students to enhance their communication skills, foster teamwork, and unleash their creativity. Dump Charades offers a delightful way for students to engage with one another, honing their ability to convey ideas without relying on words.

More than just a source of amusement, it acts as an effective icebreaker, facilitating improved social interactions. During the event, students showcased their acting skills, providing them with an opportunity to exhibit their talents and boost their confidence. The coordination of this lively and interactive event was led by Dr. S. Ambika from the Department of Mathematics, adding an academic touch to the engaging proceedings.

Psychology | Seminar

On 6th January 2024, the Department of Psychology organised a Programme entitled "Entrepreneurship Development on Self-Advocacy," for Program second and third-year students. discussion led was by Ms. Madhumitha D. a Consultant Psychologist at Arista Mind and a school psychologist at Sishya School. provided invaluable insights into the entrepreneurial world. The seminar emphasized the importance of selfadvocacy for aspiring entrepreneurs, aiming to inspire students to explore entrepreneurial opportunities.

CT & DS - WORKSHOP

January 6th On 2024 the Department Computer of Technology and Data Sciences successfully hosted a workshop on testing and penetration ethical hacking. The event, held at 10 am Lenova Lab, was in led by Mrs. U. Prathibha, a Technical Trainer from iGlitz Technologies, Coimbatore. Aimed at enriching the knowledge of III BSc CT students, the workshop provided them with valuable insights into the intricacies of ethical hacking.

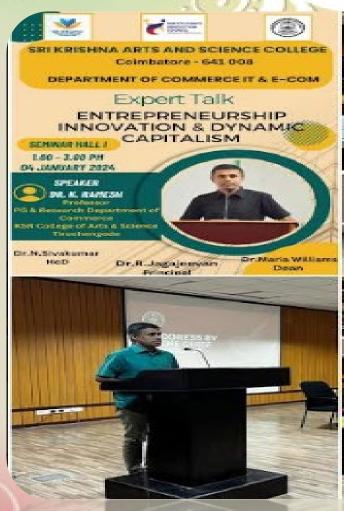

Commerce PA & CS | APL Auction

On January 6, 2024, the Department of Commerce PA & CS successfully conducted the "ACADEMIC PREMIER LEAGUE AUCTION". This innovative event enthusiastic student saw participation, focusing on honing their bidding strategies and market understanding. It served dynamic educational platform, students to delve allowing into market dynamics through engaging gaming activities.

Commerce IT - E-Com | Expert Talk

The Department of Commerce IT and E-COM organized an expert talk on Entrepreneurship Innovation & Dynamic Capitalism for second-year UG students. The Resource Person for the Programme was Dr. K. Ramesh, Professor, PG and Research Department of Commerce, KSR College of Arts and Science.

Dr. K. Ramesh discussed the importance of making wise decisions for a successful entrepreneur and gave various insights about innovation and dynamic capitalism. He concluded that we should do things that we like and we should not just convince ourselves to live the life that is designed by someone else.

ECS | Arts Carnival Celebration

January 3, 2024, the Department of ECS at Sri Krishna Arts and Science College marked the festive spirit with an Arts Carnival. The vibrant event featured a diverse array of activities, including a captivating painting exhibition, engaging fun games, and a delectable food festival. Beyond the merriment, the carnival aimed to instill economic awareness among students by emphasizing the potential economic benefits, wealth creation through artistic endeavors, skill development, and the showcasing individual of talents. Students actively participated by setting up stalls showcasing their craftworks, face painting, mehndi art, glass painting, pencil art, fancy products, and color painting. Additionally, a variety of food stalls offered treats like candy, chocolate, and sweets. The carnival also hosted entertaining and challenging games, contributing to an atmosphere of joy and enthusiasm for all participants

Commerce IT & E-Com | Workshop

A Two-Day Workshop on the topic "Innovative Ideas for Research Insights that Promote Growth" was organized by the Department of Commerce IT & E-Com of Sri Krishna Arts and Science College, Coimbatore, on January 4 and 5, 2024. The event had been attended by 145 enthusiastic students from III B. Com IT and E-Com.

Commerce IT & E-Com | Workshop

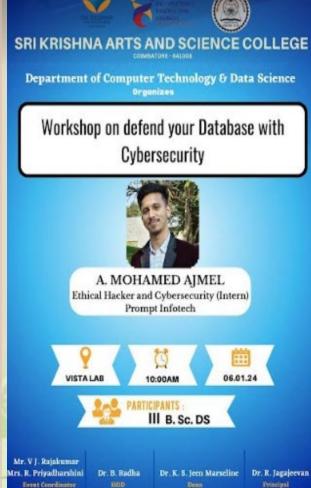

Dr. B. Sivakumar, Associate Professor and Head of B.Voc Banking Stock and Insurance at PSG College of Arts and Science, served as the chief guest. During the workshop, he discussed the final year project, addressing research gaps, objectives, scope, questionnaire design, sample size, and limitations. He introduced the methodology, discussed company profiles, suggested websites, explored literature reviews, and provided reference sources. Feedback was sought, and answers were provided to students. The following day, M. Manimekala, a chief guest from PSG College of Arts and Science, introduced the statistical tools used in the project through practical examples.

CT & DS | Workshop

The Department of Computer Technology and Data Science organised a Cybersecurity Workshop titled "Defend Your Database with Cybersecurity" on 6th January 2024. Held at Vista Lab, the workshop commenced at 10 am and was led by ethical hacker Mr. A. Mohamed Aimel from Prompt Infotech, Coimbatore. database security. Focused on workshop aimed to provide III BSc Data Science students with essential insights and skills. Mr. Ajmel's expertise in ethical offered comprehensive hacking understanding of cybersecurity measures essential for protecting databases.

CT & DS | Programme on Soft Skill

On January 6th, 2024, the II BSc dedicated their session (DS) class developing the key soft skill of adaptability. Students were engaged in a series of activities including an online quiz, debugging exercises, and coding tasks, all aimed at enhancing their adaptability in various digital scenarios. Additionally, they participated in strategic games to improve their management skills, simulating real-world decision-making situations. The comprehensive approach of the day's activities significantly contributed to cultivating adaptability among the students.

CA | Student's Achievement

Monish N, a third-year BSc student from the Department of Computer Applications at Sri Krishna Arts and Science College, has made a remarkable literary achievement by becoming a co-author of the newly published anthology, "இ低可 Book." Released on January 2, 2024, by the ISO Certified Writers Corner Publication and bearing ISBN: 979-887254-5699, this publication highlights Monish's significant literary talent and underlines the academic excellence of the college's students.

CT & DS - Edutainment

January 6th, 2024, the second-year BSc Data Science students engaged in a specially designed session to develop the vital soft skill of adaptability. The day was filled with diverse activities, including an online quiz to test adaptability in a digital setting, debugging exercises to sharpen problem-solving skills, and coding tasks that demanded flexibility facing in various challenges. programming Additionally, the students participated in games simulating real-world scenarios to enhance their management skills. emphasizing adaptability decision-making and strategic thinking. This comprehensive approach aimed to cultivate adaptability among the students, them for dynamic preparing professional environments.

CT & DS - workshop

The Department of Computer Technology & Data Science organized technical workshop on Data Structures using C++ for I B.Sc. CT B students at the LINUX lab (F Block). The session. conducted bv the esteemed guest speaker Dr. Preetha. Associate Professor at Sri Ramakrishna College of Arts and Science for Women, delved into fundamental concepts.

Coordinated by Ms. S. Srisowmiya from the Department of CT & DS, and under the leadership of Head Dr. B. Radha, the workshop, held from 10:00 AM to 1:00 PM, provided a comprehensive experience, combining theory with hands-on training. Dr. S. Preetha's expertise illuminated intricate aspects of data structures, contributing to a deeper understanding for the students.

CT & DS - Edutainment

For the first-year B.Sc. Data Science students, an immersive Edutainment program launched on 6th January 2024, expertly introduced by Sharmila. The event, led by Harini and Dhanusree, began with student-made video on Java's evolution. followed by challenging Java quiz and programming activities. A unique "Art of Java" themed drawing session highlighted students' creativity. The event concluded with enriching group discussions on Java and JavaScript, effectively blending education with entertainment and offering a comprehensive experience.

DS & CT | Students' Achievement

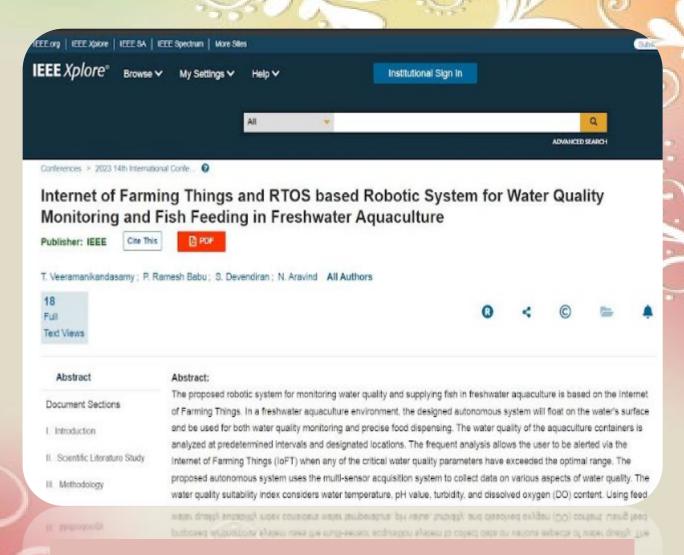

In a significant academic event, three second-year B. Sc. Data Science students, Ms. Kavipriya, Ms. Dhasika, and Ms. Subiksha, and Ms. R. Monisha, a first-year B. Sc. CT-B student, represented their expertise at a National Seminar. Sponsored by ICSSR, the seminar focused on "IoT Cyber Security: Challenges & Solutions for Social & Real-Life Applications." This prestigious event took place on January 5, 2024, at Dr. N.G.P. Arts and Science College, Coimbatore, marking a notable contribution from the students.

CSHM | Chef of the Week

In a remarkable display of culinary skills, second-year CSHM students Kavindran.S and Sarath Kumar.B recently showcased their talent in a food production practical by preparing an exquisite Mexican menu. Their impressive performance earned them the prestigious title of "Chef of the Week," highlighting their exceptional abilities in the kitchen and setting a high standard for their peers in the culinary field. This recognition serves as a testament to their hard work and dedication to the culinary arts.

ECS | Staff Achievement

In a recent development, the esteemed IEEE Xplore journal has published a groundbreaking Scopus-indexed article titled "Internet of Farming Things and RTOS-based Robotic System for Water Quality Monitoring and Fish Feeding in Freshwater Aquaculture" on January 3, 2024. This innovative research, authored by Dr. T. Veeramanikandasamy, Dr. P. Ramesh Babu, Dr. S. Devendiran, and N. Aravind, is available under the ISSN numbers 2473-7674 (Electronic) and 2162-7665 (Print).

ECS | Staff Achievement

Mr. M. Selvam, Dr. O. M. Saravanakumar, and Mr. A. P. Rajesh, Assistant Professors in the Department of Electronics and Communication Systems at Sri Krishna Arts and Science College, have successfully published a patent titled "Artificial Intelligence - Enhanced Prosthetic Limb for Sensory Feedback." Intuitive Operation and This groundbreaking achievement is now officially recognized, having been published in the Indian Patent Office Journal via No 51/2023 on December 22, 2023. Their innovative work is a testament to the dedication and expertise within our academic community.

The Fiesta, exclusively for first-year B.Sc. students in Computer Technology and Data Science, showcased an array of student talents, reflecting the department's commitment to fostering a holistic educational environment.

ECS | Pongal Celebrations

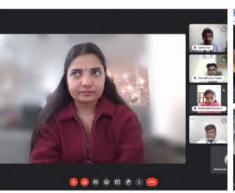

In a vibrant celebration of cultural diversity and heritage, ECSNOVA 2024, the Association of the Department of Electronics and Communication Systems, hosted a Pongal festival for its students. This traditional event, deeply rooted in Tamil Nadu's customs, honors the Sun God, symbolizing prosperity and bountiful harvests. It coincides with Makar Sankranti, reflecting India's rich cultural mosaic through various rice-based festivities. The festival aimed to instil cultural values and awareness among the students, featuring an array of fun games and the distribution of Sweet Pongal. The event was a resounding success, with enthusiastic participation from the Electronics and Communication Systems students, who thoroughly enjoyed the festivities.

PLACEMENT CELL | Drive by Planet Spark

On December 13, 2023, the Placement Cell of SKASC conducted a placement drive, which was organized by Planet Spark, an EdTech start-up based in Noida. This start-up offers online classes in communication skills to K8 learners. The Pre-Placement Talk was delivered by Ms. Deepti, the HR Manager of Planet Spark. This drive was conducted virtually for all undergraduate and postgraduate students for the role of Business Development Associate. Exceptional candidates were offered a lucrative salary package of 6 LPA, signifying a substantial opportunity for career advancement.

Mathematics | International Conference

The Department of Mathematics conducted two days International Conference on Emerging Trends in Computational Mathematics and Data Science (ICETCMDS-24)" on Jan 10th and 11th.

Mathematics | International Conference

-cessisson.

The inaugural ceremony of the conference commenced with eloquent welcome address by Dr. M. Kavithamani. This was followed by a presidential address from the Principal, Dr. R. Jagajeevan, who delved into the fascinating world of **Mathematics** and its myriad applications in real life. The event then progressed to the inaugural address by the esteemed Chief Guest, Dr. V. Govindaraj, an Assistant Professor in the Department of at NIT, Puducherry, Mathematics Karaikal. Dr. Govindaraj captivated the audience with a concise yet insightful explanation of complex topics such as controllability and stability.

Adding an international flavor to the proceedings, the keynote speaker, Mr. Nehad Ali Shah from Seoul Jong University in Seoul, South Korea, joined the session online. His speech, centered around the intriguing intersection of computational mathematics and data science, was a highlight of the day.

conference was further The graced by the presence of Dean Dr. Jeen Marseline, who took the stage to felicitate the conference attendees. This of gesture appreciation set а warm and collaborative tone for the event. Subsequently, the conference proceedings were formally presented by the Principal and received with honor by the Chief Guest.

The inauguration concluded on a note of gratitude with a heartfelt vote of thanks delivered by the Convener, Dr. S. Priyadharsini. The first day of conference witnessed the an impressive turnout of around 85 participants who their presented papers. These presentations conducted seamlessly both online and offline, reflecting the diverse and flexible nature of the conference.

Pav Bhaji Frankie Veg & Non-Veg Crispy Fried Prawns Pawns Platter Bubble Tea Spring Roll Momos-Steamed & Fried Tacos Pani Puri Chicken Puri Romali Roti with Butter Chicken Havana Bar (Mocktails) Waffles Crispy Corn Dessert Counter(Pastries) Egg Bhejo Egg Panniyaram Jigarthanda Chicken & Paneer Wrapper Smoky Biscuit Valailai Biryani Spring Potato Gold Coin Hot Chocolate Chocolate Coffee Burnt Marshmallow

CSHM | STREET FOOD MELA

The event showcased a diverse array of food items, highlighting the culinary talents and creativity of CSHM students. The event was not only a culinary delight but also included entertainment counters, adding to the overall festive atmosphere. The entire feast was enthusiastically enjoyed by staff and students from various departments. The collaboration and dedication of the CSHM students, combined with the support from other departments, contributed to the overall success of this culinary extravaganza.

COMMERCE CA & BA | PRODUCT LAUNCH

The Department of Commerce CA & BA organized the 'Tech Marvel' Product Launch Finals on the themes of 'Revolutionizing Education' and 'Innovation in Road Safety.'

Winners included Sangeethkumar's team with 'There for You' (1st place), Harshini and Layasri with 'Querencia' (2nd place), and Mohammed Bilaludheen with '7th Sense' (3rd place)

31 Entrepreneurship Club | Startup Ideas

The 3I Entrepreneurship Club on 10th January 2024 hosted an event titled "Startup Ideas for Developing Entrepreneurship Skills." The event featured Mr. M. Rajesh, SKASC's IIC Convener provided insightful viewpoints to the discussion. The session, focusing on the development of entrepreneurial skills, offered participants valuable perspectives and inspiration for future projects.

UYIR CLUB | ROAD SAFETY AWARENESS

The Uyir Club, in collaboration with the Kunimuthur Police Traffic Division, organized a program focused on "Helmet and Road Safety Awareness" on January 10, 2024. The event was held near our college premises. Mr. Srinivasan, Traffic Inspector at the B14 Station, along with his team, actively participated in the campaign. The initiative aimed to raise awareness about the importance of wearing helmets and to promote road safety practices among the local community. The collaborative efforts exemplify a commitment to fostering a culture of safety on the roads. Such initiatives significantly contribute to creating a safer environment for all road users.

31 Entrepreneurs Club | Business Talk

conton

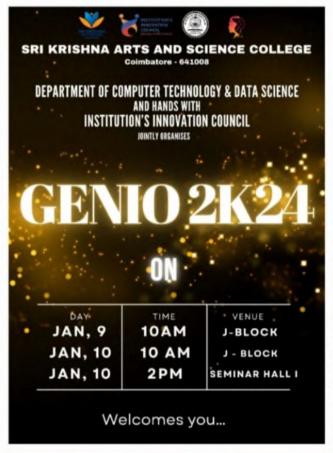

The 3I Entrepreneurs Club successfully organised an event titled "Business Talk: Innovative Entrepreneurs" on January 10, 2024. The event featured the distinguished guest speaker, Ms. Akshita, a renowned brand strategy consultant. She shared invaluable insights and expertise in the field of entrepreneurship. Attendees gained a comprehensive understanding of the latest trends and strategies shaping the business landscape.

The event was designed as a platform for networking and learning, cultivating a collaborative environment for both aspiring and seasoned entrepreneurs.

Ms. Akshita's compelling presentation captivated the audience and left a lasting impression, contributing significantly to the event's overall success.

CT & DS | GENIO 2K24

Genio 2k24, hosted by the Department of Computer Technology and Data Science in collaboration with Institution's Innovation Council, marked a vibrant celebration of National Youth Day on January 9th and 10th, 2024. With approximately 200 students showcasing talents in technology and beyond, the event emphasized inclusivity, creativity, and collaboration. Awards were presented by Dr. B. Radha, Head of the Department, recognizing outstanding contributions and making Genio 2k24 a successful testament to the diverse talents of the youth community.

UYIR CLUB | ACHIEVEMENTS

Club volunteers The Yuir SKASC were commended for their contributions Diwali Traffic to Regulation services. This recognition came from Thiru V. Balakrishnan IPS. the esteemed City **Police** Commissioner. Their commitment and diligent work in managing the heavy traffic during the Diwali festivities not only ensured a smoother flow of vehicles but also significantly enhanced road safety during this busy period.

As a result of their exceptional efforts, SKASC was honoured with the prestigious 'Best Volunteering College' award. This accolade is a testament to the college's continuous support and active involvement in road safety initiatives. The dedication and hard work of these volunteers truly deserve high praise and recognition. Kudos to them for their outstanding service and for setting a remarkable example in the community.

CT & DS | SEMINAR on Competitive Exams

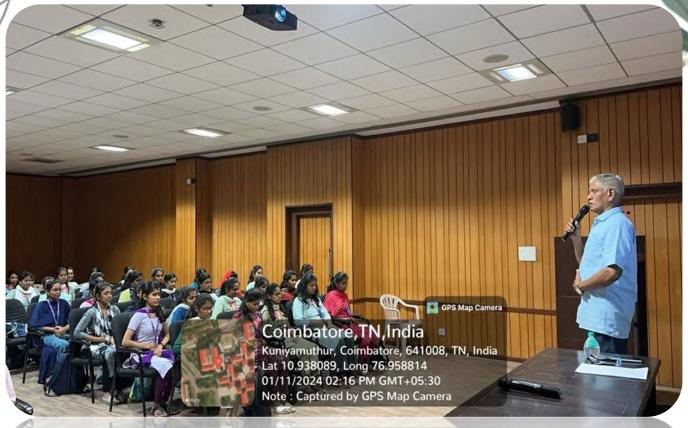

11th On January 2024. the Department of Computer Technology and Data science organised a Seminar Competitive Exam Success on Strategies. The event Resource Person Mrs. Radharajan, Founder & Director of IICS IAS Academy. With a wealth of experience, she provided valuable insights into various government exams in India, including UPSC, TNPSC, and others. The event took an engaging turn Mrs. Radharajan ingeniously as interview recreated an atmosphere, bringing students forward to participate in mock interviews.

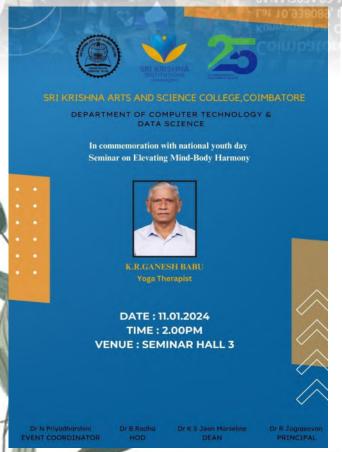

CT & DS | SEMINAR on Yoga

Note: Captured by GPS Map Camera

11, 2024. On January Department of Computer Technology and Data Science hosted an insightful seminar focused on enhancing mindbody harmony. This event, specifically designed for first-year B.Sc. Data Science students. featured Mr. K.R. Ganesan, a renowned Yoga Therapist, as the keynote speaker. The seminar aimed to integrate wellness practices into the academic curriculum, emphasizing the importance of mental and physical well-being.

IIC | WORKSHOP

On January 20, 2024, the Innovation and Incubation Center (IIC) & Intellectual Property Rights (IPR) Cells of SKASC successfully hosted an insightful workshop focusing on Entrepreneurship Essentials, Indian-Patent, and Copyright Drafting, along with procedures for IP Management.

Dr. K. P. Renuka Devi, Assistant Professor of Bioscience provided an indepth exploration of Intellectual Property, emphasizing the importance of protecting ideas and explaining the nuances of patents and copyrights, including their application duration. processes, and eligibility, associated costs. Dr. S. Narendran, Coordinator of the IPR Cell, extended a warm welcome to the participants and the resource person. The event also featured a Presidential Address by Dr. R. Jagajeevan, Principal SKASC. of The session proved extremely beneficial, as attendees had the opportunity to clarify their doubts. Prof. M. Rajesh, Convenor of the IIC, concluded the event with a Vote of Thanks.

Bioscience | Lecture

The Department of Bioscience hosted an illuminating guest lecture on "Bacteria as Proxies for Paleo Sea-level Reconstruction: A Geo-biotechnology Approach" on January 20, 2024. Esteemed speaker Dr. S. Senthil Kumar, the Scientist in Charge at the Geo-biotechnology Laboratory and an Assistant Professor of Botany, captivated over 250 undergraduate and postgraduate students from Microbiology, Biotechnology, and Bioinformatics programs. Dr. Kumar, renowned for his pioneering research in Microecology and Geology, primarily focusing on Bacterial Paleo Sea-level Geobiotechnology and innovative Non-Conventional Water Purification methods, shared his wealth of knowledge and research experiences, significantly enriching the academic community present.

CDF | Joy of Giving

In a heart-warming display of community service, the Department of Costume Design and Fashion marked its 12th year of charitable efforts by skilfully crafting approximately 300 Jablas, which were generously distributed to new-borns at a local government hospital on January 19, 2024. This annual event has become a beacon of joy, with students expressing immense enthusiasm and fulfilment from witnessing the delight and gratitude of the mothers. The recipients of these lovingly made garments expressed profound appreciation for the students' dedication and skill, further cementing the positive impact of this initiative on both the families and the student community.

ECS | Expo

The Department of Electronics and Communication Systems proudly hosted "ROBO REALM 2k24," an innovative Expo, showcasing the Project remarkable talents of second-year B.Sc Data Science students specializing in Robotics Application. This and educational event offered a unique platform for students to exhibit their projects, demonstrating a blend knowledge and theoretical practical application in the field of robotics. Projects displayed included a diverse creations array of such as а smartphone-controlled robot car, an automatic street light, a line-following robot, and a mobile app-controlled servo motor.

Additionally, the expo featured advanced designs like a smart trash bin, a Bluetooth-controlled car, a voice-controlled robot. and sophisticated object detection robot. The students also presented an obstacle-avoiding robot, a humanfollowing robot. and innovative smart home appliances controlled via smartphones. This expo not only valuable provided а learning experience in planning and presenting but also enabled students to express their understanding of robotics verbally and visually. It was an enriching opportunity for students to share their learnings.

In a remarkable achievement, Ms. K. Navaneetha, a second-year B.Com-BA student at SKASC, has been chosen to represent Bharathiar University at the prestigious National Integration Camp (NIC) 2024. This event, organized by the NSS Regional Directorate of Hyderabad in collaboration with the Ministry of Youth Affairs and Sports, Government of India, will take place in Hyderabad, Telangana, from January 14th to 20th, 2024.

Ms. Navaneetha's selection particularly noteworthy as she is one of only five participants selected from university her and among ten volunteers chosen at the state level. These volunteers represent various Tamil universities across Nadu. highlighting the competitive nature of this selection. The NSS Units of SKASC have expressed their pride and joy.

Mathematics | Workshop

The Department of Mathematics conducted a workshop titled "Octave of Ideas: **Exploring Innovation and Design Thinking** Through GNU Octave Coding" on January 24, 2024. The event was organized by Dr. S. Kirusakthika, an Assistant Professor in the **Mathematics** Department. The Dr. Harshavarthini workshop featured Shanmugam, an Assistant Professor from the Division of Mathematics at the School of Advanced Sciences, VIT Chennai Campus, Chennai, as the resource person. Dr. Shanmugam began the workshop presenting an overview of Matlab, including the commands used in Simulink and their practical applications. She provided a detailed explanation of coding structure and encouraged students to work with Matlab by offering simple coding programs involving matrices, differential equations, Simulink basics, and more.

OCTAVE OF IDEAS: "EXPLORING INNOVATION AND DESIGN THINKING THROUGH GNU OCTAVE CODING"

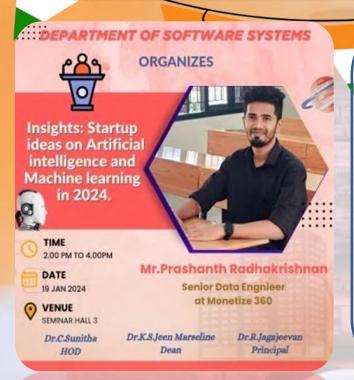

The participants in the event were second and third-year B.Sc. Mathematics students who eagerly attended the workshop and actively engaged in coding exercises. The sessions proved to be fruitful and beneficial for the students, equipping them with the skills to design and create their own code.

Software Systems | Techblast

SKASC appreciates the Department of Software Systems for organizing a dynamic Tech Blast from January 19 to January 24, 2024. This exciting event featured various technical competitions such as LogoCraft, Codefiesta, CyberRelay, Datazoid, Frame Quest, and Innovative Outbound, where our students demonstrated their exceptional skills and enthusiasm.

Software Systems | Techblast

A special highlight was the insightful session by Mr. Prasanth, a Senior Data Engineer at Monitize 360, USA, providing valuable perspectives on data engineering. The active participation of our students and the meticulous organization by the team made Tech Blast a vibrant celebration of innovation and collaboration.

The following cadets have reached a new milestone in the SKASC NCC: Sergeant Bhuvanesh Kumar and Corporal Aadhikesavan have been selected for the Republic Day Camp in Delhi, 2024.
