Through his extensive contributions to the fields of law, social service, and education, MJF Lion Advocate M. Madhivanan has become a beacon of inspiration. His tireless dedication to empowering the underprivileged and fostering social harmony continues to leave a lasting impact on communities.

ABOUT THE EVENT

"Politics is inherent in everyone, reflected through both action and inaction. It transcends parliamentary participation, shaping how individuals engage with life and their surroundings," as Paulo Coelho aptly observes. The Youth Parliament has proven to be a powerful initiative, acquainting young students with the structure and decision-making of the Central Legislature. Held in Krishna Hall, it provided a valuable platform for students to voice their views on contemporary issues while deepening their understanding of the legislative process.

The 16th Youth Parliament event focused on the Farm Bill, providing a platform for youth to discuss critical issues. Participants engaged in simulated parliamentary procedures, debating the benefits and challenges of the Farm Bill to foster awareness and critical thinking.

The 17th Youth Parliament event gathered young leaders to discuss the Forest Amendment Act 2023 and the Criminal Bill 2023. Participants analyzed these legislative changes, proposed amendments, and explored the complexities of policy-making.

The Youth Parliament on "One Nation, One Election" provides a platform for young individuals to discuss the potential of synchronizing Lok Sabha and State Assembly elections in India, examining its feasibility, benefits, and challenges.

MOTIVE

The idea behind this event is for the youth to experience a day in Lok Sabha. During the course of the day "the lawmaking bodies" will be required to discuss various local, national and international issues and then make suitable laws on them. The decisions taken in the Parliament will be the result of a long drawn-out debate following detailed procedure and rules, which ensure that everybody gets a chance to be heard and also that proper decorum is maintained during the course of discussion.

MOTTO

"Be the Voice of New India"
