ABOUT THE EVENT

The Youth Parliament is a deliberative forum where ideas are challenged, perspectives clash, and leadership is forged. By simulating the functioning of the Indian Parliament, it encourages young participants to think beyond opinions and engage in informed debate, policy evaluation, and collective decision-making. The experience equips students with the confidence, discipline, and civic awareness required to contribute meaningfully to a democratic society.

The **18th Youth Parliament** was centered on the theme “One Nation, One Election,” bringing together young leaders to critically examine the feasibility and impact of conducting simultaneous Lok Sabha and State Assembly elections. Through focused debate and discussion, participants explored its implications on governance, federalism, and democratic efficiency.

This edition focuses on the **Mines & Minerals (Development & Regulation) Amendment Act, 2025** and the **Viksit Bharat Shiksha Adhishthan Bill, 2025**, enabling participants to deliberate on resource governance and educational reform. Through discussion, analysis, and decision-making, the Youth Parliament empowers youth to engage with real policy issues and envision a stronger, developed India.
